Display

We suggest displaying rings on counter in a vintage bowl or tray over lentils, stones or rice for a POP! Please contact us for additional suggestions or photos.

Suggested Retail

We aim to keep our prices below the \$50 mark. We suggest doubling the price:

Swarovski rings and earrings: \$40-49.99

Small Infinite \$30-39.99

Large Infinite Rings and Earrings \$40-49.99

Background on Jewelry

The Sono wood ring shank is sustainably grown in Indonesia. The rings are handmade by a small factory in Bali. I have been working with the same family since the beginning.

90% of the embellishments are from vintage jewelry stock. Some were buttons or used for other jewelry designs. I purchase close-out stock, so when we run out, that is it. If a customer loves a specific style, they should buy it then because the most popular styles sell out quickly. For example, the peacock RI 1005 was a huge seller and now is almost all sold out, as is RI 2020 in Gold.
